NEW BIDDERS PLEASE READ—A WORD OF THANKS

All of our good customers and bidders, who made such a prompt payment to us for lots from the last sale, deserve our heartfelt thanks. The cataloguer is responsible for all accounts to the owners of the lots consigned. Vigilance is required in these times in order to safeguard approval orders and sale lots, as there are a few, but not many, collectors, so-called, who misuse credit and abuse some of the dealers by refusing to pay for goods, or else by paying so slowly as to render the value of their accounts valueless. To any such we must say, we do not want your business! We ask our customers to be a bit lenient about certain details connected with our credit department, as our help has changed during the past few months, and the new help knows little about our customers of long standing and those who have just begun to do business with us. Mr. Elder's work in cataloguing keeps him so engaged that it is not possible for him to keep entirely up to date as to the standing of his customers. Collectors should not feel insulted, but a few we find are very much insulted because, while they are persons of good standing, are, due to their failure to give us proper references, little known to us. To those we must say, we are not mind readers, and while we are on this subject of reference in every catalog we find a number never pay any attention to our printed requirements and rules as to credits. One estimable Doctor at the last sale, who was unknown to us, intimated we thought he was "a crook." We thought nothing of the sort, but asked him for a check in advance on receipt of our bill as we are obliged to do to all who do not furnish us with satisfactory references. We again add new bidders who want to do a business with us must see to it that they send us proper reference or a check for not less than 25 % of their bids. Old customers find us sending them their lots on immediately after a sale. New ones must comply with our rules. Send us a generous number of bids for this splendid sale of two sessions in January.

BID BY THE PIECE AND NOT BY THE ENTIRE LOT

CONDITIONS OF SALE.

Please read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**
